

Beauty

Description

beau-ty (byoŏzŏtÄ“)

noun pl. beauties beau-ties

- 1.The quality that gives pleasure to the mind or senses and is associated with such properties as harmony of form or color, excellence of artistry, truthfulness, and originality.
- 2.One that is beautiful, especially a beautiful woman.
- 3.A quality or feature that is most effective, gratifying, or telling.

I know itâ€™s a cliché, but beauty really is in the eye of the beholder. What I find beautiful and what my neighbor finds beautiful can be two different things. There are certain things I think most people would say are beautiful such as things found in nature- shells, flowers, rainbows, blue skies, mountains, oceans, etc. I think beauty can also be something you canâ€™t see, but you can feel it deep in your heart.
