Olathe Glass & Home Decor

Itâ€™s beginning to look a lot like Christmas at Olathe Glass & Home Decor. The store is one of those hidden treasures located right past Momâ€™s Kitchen at 510 East Santa Fe in Olathe. I came across the store years ago when I needed to buy a piece of glass for my desk. They are so much more than a glass store. Olathe Glass & Home Decor has a spacious home decor section throughout most of the store. Their website can be found [here](#). The business is family owned and the staff is friendly and helpful. Iâ€™m not a big artificial flower type of gal, but their floral items are beautiful and unique. They will even give you suggestions on how to revamp an old wreath. I love to shop here every season because the merchandise changes and their prices are very reasonable. Enter below to win a \$25 gift certificate to Olathe Glass & Home Decor. There are three different ways you can enter. You can also choose more than one to increase your chances of winning. Only Kansas City area residents are eligible for this offer.
