I love quotes and love to collect them. These are just a few of the many quotes I have on my Pinterest board. I find them inspirational and they can sometimes be just the thing I need to read if I am feeling down or having a bad day. I thought the above quotes were appropriate in terms of starting of the new year. There is a time to wait and a time to action in life. The first quote is a reminder that I have to work at things instead of waiting for them to magically appear. I can also be a procrastinator so the second quote reminds me to do what I can today instead of putting things off that I'll later regret. As for the third, I'm a dreamer so I don't have too much trouble in terms of dreaming big. I could always use a little push when it comes to courage and believing in my abilities though. I hope

these quotes inspire you as well and please comment if you have any favorite quotes. I'll add them to my collection.
