

Bunny Ears

Description

*default watermark*

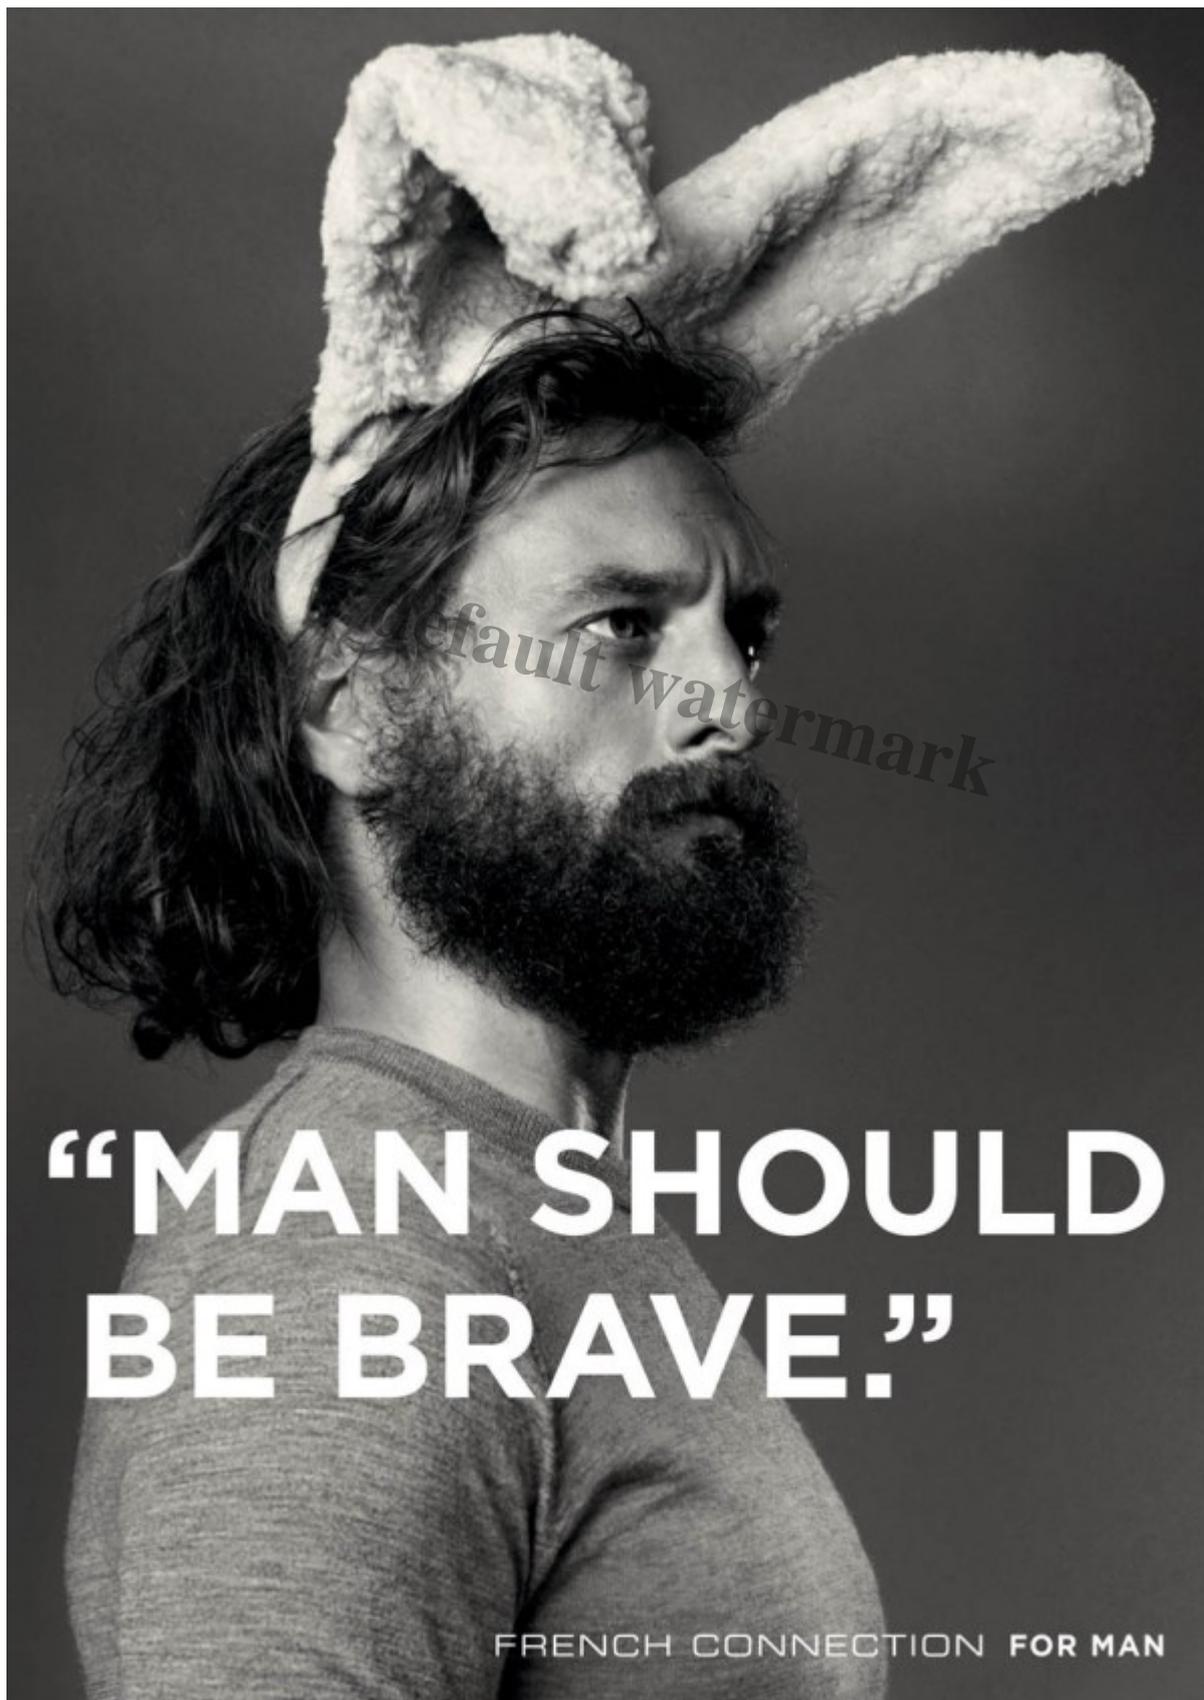

photo [via](#)

This photo makes me **smile**. It was part of an advertising campaign for French Connection clothing. I love his hair, but the beard has got to go. I also love the message that men should be brave when it comes to fashion (maybe not quite as brave as Carson Kressley though). So men donâ€™t be afraid to wear your bunny ears this Easter if you feel compelled to do so. Happy Monday!
