Key Lime Pie on a Stick

These are a few snapshots I took with my iPhone of things that make me **smile** in Seaside, Florida. It's a charming small town and I have other photos I'll share, but my battery is running low on my laptop. I realized early on that I didn't bring the right charger.

- Photo 1- The sign **"Paradise Ain't Cheap"** which is located on the outside gate of an adorable beach home made me smile. Oh so true!
- Photo 2- A **dog watering station** and very clever way to drain the water from drink buckets.
- Photo 3- **Chocolate Dipped Key Lime Pie on a Stick**. I have eaten a lot of foods on a stick, but had never seen key lime pie on a stick. It was a **"must get"** recommendation by my friend Kristine. It's made by Kermit's Key West Key Lime Shoppe. Delicious!
