I'm excited to announce that Tuesday, October 15 a Taste of Home Cooking School event will be held at John Knox Village, 520 NW Murray Rd. in Lee's Summit, Missouri. I will be attending the event and have two spots to give away given to me by Taste of Home for two lucky readers. The Taste of Home Cooking School is America's leading cooking school program. Roughly 300 events are held across the country every year. Culinary Specialist, Guy Klinzing will be demonstrating 10 recipes geared toward the fall and holiday season. The recipes include an assortment of appetizers, entrées and desserts such as: eggs benedict, an appetizer wreath topped with fresh veggies, spinach and cheese stuffed chicken breasts, caramel apple strata and pumpkin cupcakes. The recipes are featured in *Taste of Home Magazine* and all attendees will receive the magazine in a goodie bag.

Culinary Specialist, Guy Klinzing has worked in the snack food and chocolate industry for over 30 years. He can be seen on the History Channel's popular series "Modern Marvels" as well as on the Food Network's series "Unwrapped" with Mark Summers talking about his favorite subject! CHOCOLATE. I like him already! I also happen to be a huge fan of chocolate. Guy has conducted Taste of Home Cooking Schools in 23 states for more than 90,000 enthusiastic Taste of Home fans.

I love attending cooking demonstrations. I think you'll enjoy seeing what Guy has in store for us as well as learning new tips and techniques. Each ticket holder will receive a Cargo Largo Tote Bag filled with great products, coupons and a FREE digital subscription offer for one of three magazines, plus a chance to win fabulous door prizes! **To be entered into the drawing please leave me a comment below on what you favorite comfort food is. Two winners will be drawn at random on Thursday, October 10 and I will email you the details.** If you don't live in the Kansas City area you can click on [Taste of Home Cooking Schools](#) to see if an event is taking place in your city. There will also be two
