One of my newest food obsessions is **Dannon's Oikos Dip in Jalapeño and Salsa**. I go through about a tub a week. My husband loves it too! The dip tastes great with pretzels and chips or if I'm feeling really healthy, vegetables. Sometimes the vegetables are in the form of [veggie straws](#) (I'm not sure if that counts as a vegetable). Oikos Greek Yogurt Jalapeño & Salsa Dip is creamy with a little kick and will jazz up your snack foods. It makes me feel like I'm being decadent without all of the calories. In case you are wondering, Dannon didn't pay me to say this or offer me free product, but I will gladly accept either because I truly love this dip. Oikos website has a whole line of [recipes](#) you can make with the dip as well, but I love to eat it just as it is and we usually go through a container pretty fast.

My other current food obsession is **Snyder's Salted Caramel Pretzel Pieces**. If you've been reading my blog for awhile you know I'm a big fan of anything salted caramel. My husband picked up a bag of the sweet and salty caramel pretzel pieces because he knows how much I love salted caramel. I ate about half of the bag in one sitting and could have easily eaten the entire bag. This will be one treat I won't be buying on a weekly basis because they are addictive.
