joyfulscribblings.com

Since February is the month of passion Iâ€™ve asked several friends to share their top 10 items of things theyâ€™re passionate about. I can always tell when someone is passionate about something because their eyes light up when you mention the subject and they could talk for hours on end about it. My teenage daughter and her friend Halle are extremely passionate about [LUSH](#) skincare products. Todayâ€™s post was written by both of them and trust me when I say theyâ€™ve tried almost every product they carry. If you are a fan of [LUSH](#) products youâ€™ll love todayâ€™s post. If youâ€™ve thought about trying one of their items this list will give you some great ideas and information on how to use them.

**LUSH** cosmetics is a vegan, cruelty-free label that creates fun and easy to use products for any age group. **LUSH** carries many seasonal items we love, but hereâ€™s a list of the top 10 best permanent

products we have tried. Enjoy!

1. **Twilight Bath Bomb**â€“ Calling all lavender lovers! This bath bomb is perfect for bed time or when you want to feel relaxed. Itâ€™s infused with essential oils such as ylang ylang and lavender which will make your skin feel silky smooth.

2. **Tisty Tosty Bath Bomb**â€“ This heart-shaped bath bomb contains seven real rosebuds to make you feel enchanted. It contains ingredients such as jasmine, rose, and lemon oil to make you smell floral and feminine.

3. **Dorothy Bubble Bar**â€“ This bubble bar will take you somewhere over the rainbow. It turns your bath water a lovely blue color while creating a subtle scent of floral and citrus.

4. **Sweetie Pie Shower Jelly**â€“ One of the most unique products of LUSH, this jelly is filled with sparkle and shares the scent of cherries and coconut. This product is clean, wobbly fun for all.

5. **Buffy Body Butter**â€“ This butter contains many exfoliating agents such as ground rice, ground almonds, and ground aduki beans to gently buff away dry skin while softening it with cocoa and shea butters. While this scent is not very strong, it does wonders for your skin.

6. **Sympathy For The Skin**â€“ This lotion is for those winter days when your skin just canâ€™t keep moisturized. This milkshake scented lotion is infused with bananas, vanilla pods and almond oil to nourish the skin. We love it because it leaves a sweet smell throughout the day.

7. **Oatfix Fresh Face Mask**â€“ This mask smells so good youâ€™ll want to eat it. Sandalwood oil moisturizes while oatmeal exfoliates. It also contains banana and vanilla pods to calm the skin. This mask is great for dry skin. For oily skin Catastrophe Cosmetic is a great face mask.

8. **Earl Grey Massage Bar** â€“ Who said earl grey is just for your tea? This massage bar glides with ease as it moisturizes and calms. Use this when youâ€™re having a â€œmeâ€ day or just need a relaxing massage.

9. **No Drought Dry Shampoo**â€“ This dry shampoo takes the grease right out while leaving your hair silky soft and scented of lime and grapefruit. A little goes a long way and itâ€™s definitely a bargain buy.

10. **Angels on Bare Skin**â€“ This facial cleanser brightens and evens the skin while chamomile calms. It smells of rose and lavender. This cleanser works for all skin types.

#### HOW TO:

**Bath Bomb**â€“ Drop into bath water and watch the magic happen.

**Bubble Bar**â€“ Crumble under running water (We use a sieve to make more bubbles.) and watch the bubbles fill your tub.

**Shower Jelly**â€“ Pinch a piece off and work into loofah or rub directly on your skin.

**Body Butter**- Rub on your skin at the end of a shower or bath and rinse off then pat dry.

**Massage Bar-** Warm up in hands and rub bar directly onto skin.

**Cleanser**“ Pinch a piece off, add water, and work into a paste. Then rub directly onto skin and wash off when done.
