

Wednesday Wisdom: May You Live A Life You Love

Description

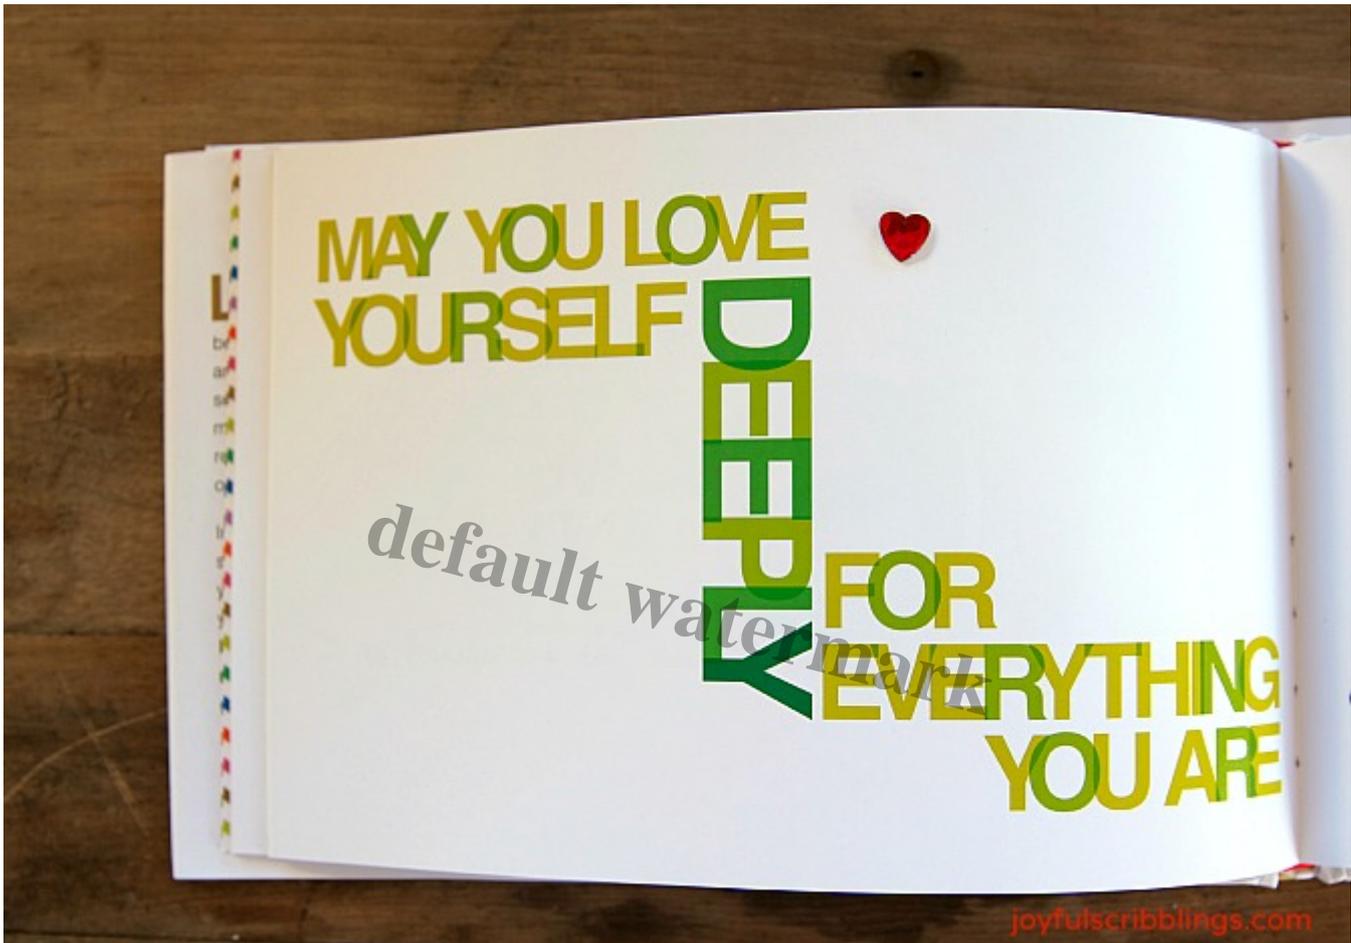

Since Valentineâ€™s Day is this month I thought Iâ€™d share quotes on LOVE. My friend Jessica at [Pen and Paper Flowers](#) chose the book *May You Live A Life You Love* from Compendium for her monthly book club. Jessica loves to create and share inspirational quotes and Iâ€™m inspired by her daily messages of hope, joy and love on [instagram](#). I naturally had to buy the book to check it out for myself. I love books and will use any excuse to buy a new one.

May You Live A Life You Love is a quick read and full of inspirational quotes written in fun typography like this one by Jack Kornfield whose interview with Oprah I just happened to watch the other night. **â€œIf your compassion does not include yourself, it is incomplete.â€œ**

I especially love this one! **May You Love More and Worry Less.** “The world is round and the place which may seem like the end may also be the beginning.” Ivy Baker Priest

This last quote can be tough to do sometimes, but it’s my hope for all of you during this month of LOVE and always. If you’re interested in purchasing the book you can do so [HERE](#) which is my affiliate link to Amazon. To check out more of Compendium’s inspirational products click [here](#).
