15 GRILLED CHEESE SANDWICHES

It has been on my list to do list to share a grilled cheese roundup for sometime now. I just recently learned that April is National Grilled Cheese Month after reading a post by my friend Michelle at [A Dish of Daily Life](#). These **15 gourmet grilled cheese sandwiches** combine different types of cheeses, meats, condiments and even roasted cauliflower that elevate grilled cheese to a whole other level.

We have a restaurant in my town called [Tom+Chee](#) which specializes in grilled cheese and tomato soup. Have you heard of or eaten at a Tom+Chee? My husband and daughter ate there and thought it was good, but I have yet to check it out. However, itâ€™s not for my lack of love for grilled cheese. It happens to be one of my favorite comfort foods along with macaroni and cheese.

A few of these sandwiches seem like they might be a little time-consuming, but if you donâ€™t mind spending a little time in the kitchen and experimenting there are a lot of unique sandwiches to be made. This post had me drooling the entire time I wrote it and I had just eaten dinner. My contribution is a Dessert Grilled Cheese which I shared in a past post. Naturally I went for a sweet version. It sounds a little strange, but trust me itâ€™s good.
