What are you reading this summer? I've selected 12 books to bury my head in this summer. My reading list consists of a combination of older novels, new novels, a classic and of course a few self-help books thrown in for good measure.

I'm starting my summer reading off with [Firefly Lane](#). I read The Nightingale by Kristin Hannah and loved it. I'm only a few pages in and the book is already filled with action. I love Kristin's writing style.

[Eleanor & Park](#) is a young adult book. My daughter read it a few years, I've seen it on book lists, and my good friend just read it and highly recommended it.

[The Vacationers](#) has been on my reading list for a while now. I thought it would be fun to read while on vacation. A great beach read!

I've been reading a lot about daily habits, rituals and productivity. My husband would say I need to quit reading and start doing. Twyla Tharp's [The Creative Habit](#) is filled with 32 practical exercises based on the lessons Twyla Tharp has learned in her 35 year career.

[One Plus One](#) by JoJo Moyes was recommended by a good friend. She is also the author of [Me Before You](#) which is one of my all time favorite books. I just recently saw the movie which was good, but it doesn't go into as much detail as the book.

I've never read [Wuthering Heights](#) which is a classic. I've owned the book for years and have decided it's finally time to read it this summer.

A few of my friends saw Glennon Doyle Melton the author behind [Momastery.com](#) speak at a women's conference. [Carry On Warrior: The Power of Embracing Your Messy, Beautiful Life](#) is one of her books and they decided to read it as group. I've decided to join them in reading it. She is a woman who speaks from her heart and has been through many struggles.

A few new books that [Modern Mrs Darcy](#) has on her reading list are: [The One in a Million Boy](#), [The Nest](#) and [Before We Visit the Goddess](#). Anne is a voracious reader. I wish I could get through even half the amount of books she reads.

[Mere Christianity](#) by C.S. Lewis is a book I read about and have had for a few years. Amazon describes it as: In the classic *Mere Christianity*, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together.

[Give and Take](#) is a self-help book which I believe was recommended by Marie Forleo . The premise of the book is why helping others drives our success.

As I work my way through my summer reading list I'll post the books that I really loved in [my shop](#) where you will find some of my favorite books. I've used Amazon affiliate links if you decide to purchase any books through Amazon. I get a very small percentage of any sales (at no additional cost to you) which helps cover costs involved with my blog.

Happy reading! What are some books on your reading list this summer? Share by leaving a comment at the end of my post.
